- 1. Summary of Significant Accounting Policies:
 - A. The accompanying statement has been prepared in conformity with the NAIC *Accounting Practices* and *Procedures manual* as required by the State of Tennessee, except where NAIC statutory accounting practices and procedures do not address the accounting for the transaction.
 - (1) Better Health Plans, Inc.'s (the Company's) sole shareholder, Three Rivers Holdings, Inc. (Holdings), has made an election to be treated as an S corporation for federal and state income tax purposes and it has made an election to treat the Company as a qualified subchapter S subsidiary for federal income tax purposes. As a result of the QSST election, the Company is treated as a division of Holdings for income tax purposes and the results of its operations are included in the Holdings' income tax returns. Pursuant to a Tax Allocation Agreement with Holdings, the Company is required to reimburse Holdings for income tax liability Holdings' shareholders incur with respect to the Company's operations. The amount reimbursed is calculated to equal the federal income tax that the Company would have paid if it were a C corporation filing separate income tax returns. NAIC statutory accounting practices and procedures do not address the accounting for this type of transaction. correspondence received from the State of Tennessee, Department of Commerce and Insurance, TennCare Division dated April 17, 2003, the Company has been granted permission to report shareholder reimbursement of taxes as Provision for Federal Income Taxes on the Statement of Revenue and Expenses (page 4), line 31 of the accompanying financial statements for 2002 and succeeding years. All such reimbursements made or accrued have been reported in accordance with this ruling. The amount reported on line 31 is \$282,762. There is no monetary effect on statutory surplus resulting from this transaction, as these amounts would otherwise be a write-in reduction to surplus.
 - (2) Supplemental Report #2A, TennCare Operations Statement of Revenue and Expenses, which is filed separately from the bound annual statement, has been prepared in accordance with instructions from TennCare. These instructions differ from statutory accounting practices in that income and expenses related to claims, losses, premiums, and other amounts received or paid on behalf of the ASO operations are treated as expenses and revenues of the company. There is no monetary effect on statutory surplus resulting from this departure from statutory accounting practices. The Statement of Revenue and Expenses included in this statement was prepared according to the Statement of Statutory Accounting Principles (SSAP) No. 47 Uninsured Plans, which excludes all income and expenses related to claims, losses, premiums, and other amounts received or paid on behalf of ASO plans. Amounts received from TennCare to administer the ASO plan are reported as a reduction to administrative expenses.
 - B. The preparation of financial statements in conformity with the Annual Statement Instructions and *Accounting Practices and Procedures manual* requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and disclosure of contingent assets and liabilities at the date of the financial statements and the reported amounts of revenues and expenses during the reporting period. Actual results could differ from those estimates.
 - C. During 2003, the State of Tennessee TennCare Bureau paid additional premiums to the Company for members effective through June 30, 2002 due to retroactive changes in classification of those members. These amounts were recognized as revenue during the time that the Company was notified or became aware of those changes. No additional premium was received in 2004.

Effective July 1, 2002, the Company entered into an Administrative Services agreement with the State of Tennessee TennCare Bureau. Under this agreement, the Company processes and pays claims and performs other managed care services and is reimbursed by TennCare. The Company receives an administrative fee for this service.

The Company contracts with various health care providers for the provision of certain medical care services to its members. The Company compensates those providers on a capitation or unit of service basis. These contracts have been maintained under the ASO agreement with TennCare; however, the Company is no longer at risk for medical expenses incurred on or after July 1, 2002.

Administrative fees paid to Three Rivers Administrative Services, LLC (TRAS) are allocated to each expense line pro rata based on the expenses incurred by TRAS. Expenses incurred by TRAS, which are not directly attributable to a specific HMO, are allocated to its contracted HMOs based on relevant factors which management has determined are valid bases for allocations. Examples are: call volume, claims volume, member months

The following accounting policies materially affect the assets, liabilities, capital and surplus or results of operations:

- (1) The Company has no short term investments.
- (2) The Company reports bonds at amortized cost using the scientific (constant yield) method.
- (3) The Company has no investments in common stock.
- (4) The Company has no investments in preferred stock.
- (5) The Company has no investments in mortgage loans.
- (6) The Company has no investments in loan-backed securities.
- (7) The Company has no investments in subsidiaries, controlled or affiliated companies.

- (8) The Company has no investments in joint ventures, partnerships or limited liability companies.
- (9) The Company has no investments in derivatives.
- (10) The Company has no premium deficiency reserves.
- (11) The Company has recorded a liability for claims and claims adjustment expenses, which are expected to be paid after the end of the reporting period for services provided to members through June 30, 2002. These liabilities are based on historical data, current membership and health service utilization statistics, and other related information. As estimates are used in establishing these liabilities, the ultimate amounts may be in excess or less than the amounts reported on this statement. These accruals are continually monitored and reviewed and, as settlements are made or accruals adjusted, differences are reflected in current operations. The liability recorded for claims adjustment expense includes an estimate for the administrative expense to process incurred but not reported claims under the ASO arrangement with TennCare.
